Onzichtbare vrouwen Caroline Criado-Perez 2019-09-30 Stel je een wereld voor waarin jouw telefoon niet goed in je hand past, een voorgeschreven medicijn voor jouw lichaam verkeerd is en de eindeloze uren die je elke week werkt niet erkend of gewaardeerd worden. Komt iets hiervan je bekend voor? Grote kans dat je een vrouw bent. Onzichtbare vrouwen toont hoe in een wereld die grotendeels voor mannen is ingericht de halve bevolking systematisch genegeerd wordt. Het boek onthult de 'genderdatakloof' die wordt veroorzaakt door eeuwige, consequente discriminatie van vrouwen. Caroline Criado Perez brengt voor het eerst een indrukwekkend aantal wereldwijde casestudy's, verhalen en nieuw onderzoek samen. Van overheidsbeleid en medisch onderzoek tot technologie, werkplekken, stadsplanning en de media - Onzichtbare vrouwen onthult de verborgen manieren waarop vrouwen vergeten worden en de impact van die uitsluiting op hun gezondheid en welzijn. Een krachtig en prikkelend boek dat je kijkt op de wereld voorgoed verandert. Caroline Criado Perez (1984) is journalist en gelauwerd activist. Zij werd in 2017 beroemd doordat er dankzij haar oproep een beeld van Jane Austen op het Engelse 10 pond-biljet werd geplaatst. Zo voorkwam zij dat er, naast de koningin, alleen mannen op de biljetten zouden staan. Criado Perez woont in Londen. 'Onzichtbare vrouwen is een doorbraak; een compromisloos bombardement van droevige, boze, slechte en grappige feiten waarmee het op briljante wijze een onweerlegbare zaak aanspant. (...) Dit boek zou op het nachtkasje van iedere beleidsmaker, politicus en manager moeten liggen.' THE TIMES 'Een uitdagend, onmisbaar boek.' PUBLISHERS WEEKLY 'In heldere taal bouwt de auteur een sterke zaak voor grotere inclusiviteit, met een zeer doordachte en verrassend humoristische kijk op geïnstitutionaliseerde bevoorrechtting en genderdatakloven. Voor wie suggereert dat gender geen rol meer speelt is dit boek, dat een groot publiek zal aanspreken, een gedegen correctie.' KIRKUS REVIEWS 'Een strijdkreet om terug te vechten.' THE SUNDAY TIMES 'Een briljant boek dat de wereld waarin alles is ontworpen voor mannen bekritiseert. (...) Boordevol praktische informatie voor hen die het patriërchaat willen ontmantelen.' THE IRISH TIMES

(Dys-)Functionalities of Corruption Tobias Debiel 2013-12-16 Corruption is usually understood as hampering political development, economic growth and democratic participation of citizens, but comparing the effects of corruption for different political regimes presents astonishingly complex findings. The ongoing persistence of corruption underlines that it is not only dysfunctional, but can be highly functional as well. This special issue brings together contributions from comparative politics, political science and economics which precisely focus on these (dys) functionalities of corruption in political regimes across various world regions. The question of methodological pluralism is especially important for studying corruption comparatively. While on an international level a trend towards an increased use of quantitative methods in political science as well as in economics can be observed, the special issue underlines the importance of having a pluralistic approach for grasping the complex and multi-layered effects of the phenomenon. Of similar importance is the adoption of a comparative perspective that includes different world regions in order to understand the different roles of corruption in developing, transforming and developed countries alike. Dr. Tobias Debiel is Director of the Centre for Global Cooperation Research and of the Institute for Development and Peace (INEF). Since 2006, he is also Professor in International Relations and Development Policy, Institute of Political Science, University of

Duisburg-Essen. Dr. Andrea Gawrich is Professor for International Integration at the University of Gießen.

Success In the Food Catering Business Vincent Gabriel 2015-11-19 This book marks the fact that food catering has gone mainstream. At one time associated with organizers of seminars and conferences as a means of bonding the attendees of the event or to provide convenience so that each person who attended did not have to look for his own food. The food catering business is very closely connected with the industrial economic development of the Asian economies that underwent transformation in the late 1940's and continues up to today. The food provided at the seminars were arranged in three groups. A coffee break was held in the morning with a range of light snacks that included a major starch like fried rice or fried noodles. The lunch menu was clearly more extensive with a soup, a vegetable dish, a meat dish, a fish dish and a dessert. Care had to be taken to avoid offending anyone. Pork was not allowed nor was beef. The only meat served was chicken and it came in different forms: fried, roasted, boiled, with sweet and sour sauce, or with black pepper sauce or simply hot and spicy. The last meal was the tea break. In a way this meal was a milestone because the people of the Asian economies never had an afternoon break as they were expected to go home at 5 pm and have a meal at home at 6 pm. With the tea break it became a custom to have dinner or the evening meal later at 7 pm. The food provided at seminars went beyond the training room because it was convenient to have meals provided for, cooked by someone else. The idea that developed was called parties brought to you. Today sixty years after the introduction of the first seminar catered meal food catering is the norm for people wanting a party at home to celebrate a major feast or a personal milestone event like the birth of a baby or a wedding. Food catering has also become an event related to hospitality and appreciation. The mourners at a funeral wake are grateful to those who come to pay their respects and food is now catered to provide for these guests. In this book the author takes the approach that food catering must grow beyond its present roots and move out to become more mainstream in the form of a meal for a social gathering like that around a steamboat. Food catering has also the responsibility to maintain the health of a community by observing the rules of being: Less salty Less oily Less sweet Free of transfats Free of gluten Free of MSG And other Chemicals. Food catering becomes a mainstream food by being available and by being healthy.

A Sanskrit-English Dictionary Sir Monier Monier-Williams 1899 Sir M.Monier-Williams embarked upon Sanskrit-English Dictionary, with the primary object of exhibiting, by a lucid etymological arrangement, the structure of the Sanskrit language, the very key-stone of the science of Comparative Philology. Though all lexicographers have to rely on the work of their earlier compeers, Sir Williams' work is unique and original in its plan and execution, the utility of which is seen in its repeated reprints. This is not a

mere aggregation of words and meanings but the fruit of a colossal industry and experience with the actual treatises in the original language on a number of subjects. All the words are arranged etymologically and philologically with special reference to cognate Indo-European languages. The author refers to several authors and extant works. the work includes well over 1,80,000 words. This invaluable thesaurus serves far too well the needs of researchers and lovers of Sanskrit. There is an elaborate and informative Introduction detailing the inception and progress of this huge task, successfully completed with the collaboration of devoted scholars like Prof. E. Leumann, Prof. C. Cappeller and others.
