American Literature on Stage and Screen Thomas S. Hischak 2014-01-10 The 525 notable works of 19th and 20th century American fiction in this reference book have many stage, movie, television, and video adaptations. Each literary work is described and then every adaptation is examined with a discussion of how accurate the version is and how well it succeeds in conveying the spirit of the original in a different medium. In addition to famous novels and short stories by authors such as Nathaniel Hawthorne, F. Scott Fitzgerald, and Willa Cather, many bestsellers, mysteries, children's books, young adult books, horror novels, science fiction, detective stories, and sensational potboilers from the past two centuries are examined.

Dienaren Van Het Volk Muel Kaptein 2018-05-09 Integriteit is een zeer actueel thema binnen de publieke sector. Alleen al het aantal politici en bestuurders dat moet opstappen vanwege een gebrek aan integriteit is aanzienlijk. Dit boek is daarom geschreven voor degenen in de publieke sector die de eigen integriteit willen versterken en beschermen. Het boek geeft, aan de hand van vele praktijkvoorbeelden, uiteenlopende handvatten. De centrale boodschap is dat de macht van integriteit groot is: het kan een dienaar van het volk maken of breken. Muel Kaptein is hoogleraar integriteit aan de Erasmus Universiteit Rotterdam en partner bij KPMG Integriteit.

Programming Reality Zoë Druick 2008-08 "Programming Reality is a collection of original essays that explore the television programs that have thrived in the Canadian regulatory and cultural context - the programs that straddle, and even blur, the border between reality and fiction. The interdisciplinary articles in Programming Reality: Perspectives on English-Canadian Television - the first anthology dedicated exclusively to the analysis of Canadian television content - combine textual analysis with that of the political economy of media communications."--BOOK JACKET.

Not So Golden After All Larry N. Gerston 2012-04-03 Quality public education, modern highway systems, and reasonably priced housing—these are just some of the qualities that once made California one of the most desirable places to live. Just a few decades later, the state finds itself with an education system that is failing its citizens, one of the highest unemployment rates in the nation, and a quickly evaporating dream of home ownership. Illustrating each step of the breakdown that led to its current state of dysfunction, Not So Golden After All: The Rise and Fall of California provides insight into a system gone amuck. It addresses complicated topics in an engaging manner to help the public and leaders alike understand how to make policies that balance expectations with outcomes. Key political themes covered include disconnected institutions, perpetually unbalanced budgets, immigration, voter ignorance, interest group influence, and dysfunctional institutions. Investigating the gridlock that has become all too common within the state's legislature, the book: Demonstrates the impact of the state's inability to generate sufficient revenue, particularly for public education and an under-trained workforce Highlights the problems created by poor land use planning—from suburban sprawl and government waste to inefficient use of agricultural land Examines how interest groups have been able to wrest control of the processes that were created to keep them in line Identifies the duplication of efforts and other inefficiencies at the state and local levels Author Larry Gerston leaves no stone unturned in his discussion of California's economy, position on the Pacific Rim, cultural diversity, land and water issues, and its relationship with the federal government. He examines the state's infrastructure, natural resources, immigration issues, education, finance, healthcare, civil rights, planning and development, security, laws, political parties, and power structures to provide civic leaders and policy makers with the understanding required to restore the sheen to this once glistening paradise. The Contra Costa Times discussed Larry Gerston's recent Commonwealth Club lecture in a May 17, 2012 article. Read an interview with Larry Gerston in The Mercury News.

Drugs, Oil, and War Peter Dale Scott 2004-01-01 Peter Dale Scott's brilliantly researched tour de force illuminates the underlying forces that drive U.S. global policy from Vietnam to Colombia and now to Afghanistan and Iraq. He brings to light the intertwined patterns of drugs, oil politics, and intelligence networks that have been so central to the larger workings of U.S. intervention and escalation in Third World countries through alliances with drug-trafficking proxies. This strategy was originally developed in the late 1940s to contain communist China; it has since been used to secure control over foreign petroleum resources. The result has been a staggering increase in the global drug traffic and the mafias associated with it\_a problem that will worsen until there is a

change in policy. Scott argues that covert operations almost always outlast the specific purpose for which they were designed. Instead, they grow and become part of a hostile constellation of forces. The author terms this phenomenon *parapolitics*—the exercise of power by covert means—which tends to metastasize into deep politics—the interplay of unacknowledged forces that spin out of the control of the original policy initiators. We must recognize that U.S. influence is grounded not just in military and economic superiority, Scott contends, but also in so-called soft power. We need a 'soft politics' of persuasion and nonviolence, especially as America is embroiled in yet another disastrous intervention, this time in Iraq.

**The Oxford Companion to the American Musical** Thomas S. Hischak 2008-06-02 From the silver screen to the Great White Way, small community theatres to television sets, the musical has long held a special place in America's heart and history. Now, in *The Oxford Companion to the American Musical*, readers who flocked to the movies to see *An American in Paris* or *Chicago*, lined up for tickets to *West Side Story* or *Rent*, or crowded around their TVs to watch *Cinderella* or *High School Musical* can finally turn to a single book for details about them all. For the first time, this popular subject has an engaging and authoritative book as thrilling as the performances themselves. With more than two thousand entries, this illustrated guide offers a wealth of information on musicals, performers, composers, lyricists, producers, choreographers, and much more. Biographical entries range from early stars Fred Astaire, Bing Crosby, Mary Martin, and Mae West to contemporary show-stoppers Nathan Lane, Savion Glover, and Kristin Chenoweth, while composers Irving Berlin, George Gershwin, Richard Rodgers, and Andrew Lloyd Webber all have articles, and the choreography of Bob Fosse, Tommy Tune, and Debbie Allen receives due examination. The plays and films covered range from modern hits like *Mamma Mia!* and *Moulin Rouge!* to timeless classics such as *Yankee Doodle Dandy* and *Show Boat*. Also, numerous musicals written specifically for television appear throughout, and many entries follow a work-Babes in Toyland for example—as it moves across genres, from stage, to film, to television. The Companion also includes cross references, a comprehensive listing of recommended recordings and further reading, a useful chronology of all the musicals described in the book, plus a complete index of Tony Award and Academy Award winners. Whether you are curious about *Singin' in the Rain* or *Spamalot*, or simply adore *The Wizard of Oz* or *Grease*, this well-researched and entertaining resource is the first place to turn for reliable information on virtually every aspect of the American musical.

**Fight Sports and American Masculinity** Christopher David Thrasher 2015-06-18 Throughout America's past, some men have feared the descent of their gender into effeminacy, and turned their eyes to the ring in hopes of salvation. This work explains how the dominant fight sports in the United States have changed over time in response to broad shifts in American culture and ideals of manhood, and presents a narrative of American history as seen from the bars, gyms, stadiums and living rooms of the heartland. Ordinary Americans were the agents who supported and participated in fight sports and determined its vision of masculinity. This work counters the economic determinism prevalent in studies of American fight sports, which overemphasize profit as the driving force in the popularization of these sports. The author also disputes previous scholarship's domestic focus, with an appreciation of how American fight sports are connected to the rest of the world.

**The Vanishing Track** Stephen Legault 2012 While trying to help those evicted from the Lucky Strike, a low-rent hotel in Vancouver's Downtown Eastside, Cole Blackwater and his best friend Denman Scott discover that homeless people in the area are disappearing without a trace. Working with news reporter Nancy Webber and street nurse Juliet Rose to solve the missing persons case, Cole and Denman venture into the dark corners of the city's underworld. Soon they find themselves in the midst of a dangerous cabal of city officials, high-ranking cops, condo developers, and crime bosses. Tackling the real big-city issues of housing shortages, political corruption, and murder, *The Vanishing Track* is the third Cole Blackwater Mystery and the most compelling yet. "The best in the Cole Blackwater series." —*The Globe and Mail* "A brutally honest look at life on Vancouver's Downtown Eastside. A really great read." —Senator Larry Campbell, co-author of *A Thousand Dreams*

**The Long Reach of the Sixties** Laura Kalman 2017-04-05 The Warren Court of the 1950s and 1960s was the most liberal in American history. Yet within a few short years, new appointments redirected the Court in a more conservative direction, a trend that continued for decades. However, even after Warren retired and the makeup of the court changed, his Court cast a shadow that extends to our own era. In *The Long Reach of the Sixties*, Laura Kalman focuses on the late 1960s and early 1970s, when Presidents Johnson and Nixon attempted to dominate the Court and alter its course. Using newly released—and consistently entertaining—recordings of Lyndon Johnson's and Richard Nixon's telephone conversations, she roots their efforts to mold the Court in their desire to protect their Presidencies. The fierce ideological battles—between the executive, legislative, and judicial branches—that ensued transformed the meaning of the Warren Court in American memory. Despite the fact that the Court's decisions generally reflected public opinion, the surrounding debate calcified the image of the Warren Court as activist and liberal. Abe Fortas's embarrassing fall and Nixon's campaign against liberal justices helped make the term "activist Warren Court" totemic for liberals and conservatives alike. The fear of a liberal court has changed the appointment process forever, Kalman argues. Drawing from sources in the Ford, Reagan, Bush I, and Clinton presidential libraries, as well as the justices' papers, she shows how the desire to avoid another Warren Court has politicized appointments by an order of magnitude. Among other things, presidents now almost never nominate politicians as Supreme Court justices (another response to Warren, who had been the governor of California). Sophisticated, lively, and attuned to the ironies of history, *The Long Reach of the Sixties* is essential reading for all students of the modern Court and U.S. political history.

**Shirley Booth** David C. Tucker 2015-03-26 An Oscar-winning Best Actress for her tour-de-force role in *Come Back, Little Sheba*, Shirley Booth would ultimately win every major acting award that could be bestowed on an actress. Awarded three Tony Awards, two Emmys, and a Golden Globe, Booth was described by the judges at the Cannes Film Festival as "The World's Best Actress." Yet today fans know her best as the warm-hearted, busybody maid of television's Hazel. This, the first biography of the beloved star, provides complete coverage of a career that encompassed theater, film, radio, and television, and co-stars such as Humphrey Bogart and Katharine Hepburn. It begins with Shirley's childhood in Brooklyn, and her rebellious decision to become an actress against the wishes of her strict father. Included is complete coverage of her tumultuous marriage to radio comedian Ed Gardner (of "Duffy's Tavern" fame), and a second, happier union that ended abruptly with her husband's death of a heart attack. Readers of this exhaustively researched biography will come to know a versatile and gifted star whose career spanned almost 60 years. Appendices provide extensive details of her Broadway, film, radio and television (episode-by-episode) credits.

**Mandate Madness** James T. Bennett 2014-05-02 What do drivers' licenses that function as national ID cards, nationwide standardized tests for third graders, the late unlamented 55 mile per hour speed limit, the outlawing of the eighteen-year-old beer drinker, and the disappearing mechanical lever voting machine have in common? Each is the product of an unfunded federal mandate: a concept that politicians of both parties profess to oppose in theory but which in practice they often find irresistible as a means of forcing state and local governments to do their bidding, while paying for the privilege. *Mandate Madness* explores the history, debate, and political gamesmanship surrounding unfunded federal mandates, concentrating on several of the most controversial and colorful of these laws. The cases hold lessons for those who would challenge current or future unfunded federal mandates. James T. Bennett also examines legislative efforts to rein in or repeal unfunded federal mandates. Finally, he reviews the treatment of unfunded mandates by the federal courts. Those who find wisdom in America's traditional federalist political arrangement maintain—perhaps with more wishfulness than realism—that the unfunded federal mandate has not yet joined death and taxes as an immovable part of the modern political landscape.

**The Afterthought** Jerry Kruz 2014-10-07 *The Afterthought* brings back into focus the psychedelic sixties in all of their purple-haze glory, as seen through the eyes of legendary west coast music promoter and entrepreneur Jerry Kruz. Using the historical posters as a timeline, Kruz's recollections are a celebration of the resiliency of Woodstock-era arts and culture and foundational musical acts like the Grateful Dead, Janis Joplin, Steve Miller, The Collectors (Chilliwack), Tom Northcott Trio, Country Joe & the Fish and many more. Complete with selected discographies and band biographies for many of the musical acts included in the book, *The Afterthought* is illustrated throughout with selections from the folk-inspired and psychedelia-fuelled artwork of legendary artists Bob Masse and Frank Lewis.
